BEVERAGE

We serve only one beverage here at Sam's Soda Fountain—Sam's old-fashioned homemade root beer! In fact, the demand for frosty mugs of that foamy, taste-tempting, mouth-watering delight is so great that Sam's got to stay on the run to keep the customers satisfied—they keep coming back for more! Those thirsty patrons can't get enough of a good thing!

Fortunately for his customers, there are four counters and four root beer taps in every one of Sam's Soda Fountains. Unfortunately for Sam, the eager clientele have been known to eject him from the premises when service is too slow! Sometimes, Sam gets flustered and flings one too many root beers down the counter or fails to catch a mug returning for a refill. That's not good for business! It's a hard day's work, but scrupulous Sam won't close his fountain until every customer's thirst has been quenched!

A Pause For Refreshment
To pause the action during a game, press * on your controller. The fountain disappears and the Pause Music plays. Press * again and the fountain reappears at the point at which you paused. There is a brief delay for you to size up the situation before play begins again.
Step right up, pardner, and place your order! What'll it be? Some rootin' tootin' root beer at Sam's Western Soda Fountain. Folks 'round these parts work up a powerful thirst! They keep pushin' through them swingin' doors, and keep ol' Sam busy as a june bug tryin' to serve 'em all! He aims to please! Those wranglers and ranchers reward good service with a tip, and Sam returns the favor by presentin' a little entertainment to accompany the quality refreshment!

Rah! Rah! Give me an R, give me an O...! Root and cheer for cold root beer, at Sam's Stadium Soda Fountain! It's time out for those parched sports fans, and they're ready to go for it! There's plenty of action for Sam, who has to try to keep up with all the orders. Sometimes a satisfied customer will leave Sam a tip, and he gets a breather when they turn to watch the half-time show. Now's his chance to pick up some of those returning empties!
It's out of this world! The rocket root beer, that is, served at Sam's Space Soda Fountain. One sip and it'll put you in orbit! There's nothing alien about it—Sam's spacy customers love to fuel up on this delectable drink! The taste is so cosmic, it inspires a galaxy of gratuities from contented consumers. That inspires Sam to present his famous, far-out floor show! For astronomical and gastronomical delights, there's no place like it in the whole solar system!

**SIDE ORDERS**

But a little extra on the side, to add a special something to your selection? For enjoyment, we offer the bonus Sneaky Pete Hunter Screen. Sneaky Pete, the walking scoundrel, enters stealthily while Sam's not paying attention and grabs five of the six root beer cans on the counter. Then the sodas are scrambled. You must move to a can and open it, but it's the one that wasn't shaken. If you guess correctly, there's a big bonus. If he doesn't—well...

Remember that tipping at Sam's is encouraged, and Sam shows his appreciation by providing entertainment by picking up a tip. However, if a mug of root beer is served to a customer whose head is turned to watch the festivities, it'll light up and crash!
